

PRESS RELEASE

LOCAL SOLID WASTE FIRM LAUNCHES REBRANDING EFFORTS UNIFYING ALL TEXAS LOCATIONS

Local solid waste hauling company Killian Calderon Disposal is launching a re-branding of their company to tie its seven Texas locations together under one brand. Frontier Waste Solutions is the new name and brand that will be carried forward. “We achieved a partnership in early 2017 with John Gustafson and Tim Henderson of Frontier Waste Solutions and this is the culmination of that partnership,” said Bill Killian, South Texas Vice President. “With Tim’s leadership for our North Texas areas, and John’s ability to tie the entire operation together, we all feel that great things are in store for our company.”

Killian went on to state that the unified brand will tie together seven Texas locations including Corpus Christi, Dayton, Hillsboro, Justin, Glen Rose, Hearne, and Cresson. “Going forward with our Frontier brand in each market will help promote us as a Texas-based solid waste company, ready to serve Texan’s solid waste hauling needs.”

Frontier Waste’s Texas connections are also strengthened by their financial relationship with Blue Sage Capital, LLC, an Austin based investment capital firm. “Blue Sage provides us with the financial wherewithal needed to achieve our growth goals,” said CEO John Gustafson. “We are fortunate to have such a strong financial partner that is also Texas-based.”

Frontier Waste Solutions offers full-line waste hauling and disposal needs in each of their markets focused on customer-based needs. They can be reached at www.frontierwaste.com or via phone at 361.289.5588.
